**ADDENDUM NO. 4**  
February 17, 2022

**TO ALL PLANHOLDERS:**

The following changes, clarifications, additions, and/or deletions are hereby made a part of the contract documents for the above-referenced project, as fully and completely as if the same were fully set forth therein.

This Addendum No. 4 consists of the following:

- Addendum No. 4 pages ADN 4-1 through ADN 4-2

**NOTES AND CLARIFICATIONS:**

1. The completion date of the project included in the plans and specifications is August 15, 2023. The intent of this completion date is to allow for long lead time items to be ordered and delivered to the site with adequate time for installation. Contractors will be allowed to begin work immediately following issuance of the Notice to Proceed, however, the site security must be maintained at all times. If the contractor will be offsite for more than 7 days, the Contractor must meet with a Owner or Engineer representative to review the site conditions to make sure the site is secure. There are activities including summer camps, sporting events, practices and other school related activities that occur year-around at the school and disruption to these activities should be minimized. It is acceptable for the Contractor to begin onsite construction as late as March 2023, if desired, to allow for procurement of all necessary materials prior to site work beginning.

**SPECIFICATIONS:**
